

**You're invited to attend the May 5, 2010  
Florida Vascular Access Network (FLAVAN)  
Reception Program:**

**ARROW**

***Accelerated Seldinger Technique  
Workshop***

This program has been approved by the California Board of Registered Nursing, Provider Number 12422 for 2 Contact Hours.

\*Offerings that are approved by a state or national nursing organization empowered to accredit continuing education standards are approved for continuing education, with the exception of HIV/AIDS and Domestic Violence which must be from a Florida-approved provider.

**Program Overview**

This 2-hour program is designed to provide the licensed vascular access healthcare practitioner, including registered nurses, nurse practitioners, physician's assistants or physicians, with the knowledge and practical training for the safe insertion of a central venous catheter using AST. This program will cover objectives such as; identify safety risks inherent to the Modified Seldinger Technique, define the Accelerated Seldinger Technique, and demonstrate one successful insertion of The PICC WAND™ using the Accelerated Seldinger Technique.

**Agenda**

5:30 - 6:30 pm Reception  
6:30 - 7:30 pm Accelerated Seldinger Technique  
7:30 - 8:30 pm Hands-on Demonstration
